Product Standard Accessories

Battery pack

Charger

AC Plug

LCD protection film

Hand strap
(Scanner & Non-scanner SKU)

Wrist band
(MSR/ICCR SKU)

Battery Replacement

Insert Battery

1. Insert the battery from the bottom side (opposite side of the battery release buttons).
2. Push the battery down until it clicks.
Confirm that the battery release buttons are completely outward, and the bottom side is fully engaged.

Remove Battery

1. Hold the battery release buttons and press in.
2. While pressing the battery release buttons in, pull the battery up.

Supported Cards & Card Slot Cover

PM95 provides

- 1 microSD card slot
- 1 nano SIM card slot – WWAN SKU only

Remove the battery, and open the card slot cover to find card slots.

You can use the handle on the bottom side of the cover to open.

< Notice >

Do not throw away the cover. It affects device sealing performance against water, dust, etc.

Install SD / SIM Card

1. Gently slide the card holder left, and swing upwards to open the holder.
2. Put the proper card with the contacts facing down, close the holder, and gently slide it right to lock.

Turning on / off

Turn on

Press and hold the power button on the left side until **SMART BEYOND RUGGED** logo displays on the screen.

Turn off

When the display is on, press and hold the power button until the power menu is shown.

Then, tap **Power off**.

Charging the Device

1. Assemble the AC plug and charger, and rotate the plug clockwise to engage firmly.
 2. (Non-scanner SKU only) Open the USB connector's cap.
 3. Connect the cable to the USB connector.
 4. Provide power by plugging the power adapter to the wall socket.
- PM95 can also be charged with charging cradle (sold separately).

< Caution >

1. *Always use an original charger or cradle from Point Mobile. Other chargers may damage the PM95. The device warranty does not cover any damage caused by the usage of non-original chargers.*
2. *Make sure the charger and cable is not wet.*
3. *Charge in temperatures from 0°C to 45°C.*

LED Indicator

No	Indicator	Status	Indication
1	Power LED	Solid green	Device is fully charged
		Solid red	Charging the device / Battery is low
		Blinking red	Charging temperature is out of normal range / Battery is very low
		Alternately blinking red & green	Cannot recognize the battery
2	Notification LED	Blinking blue	Notification existing
		Red flash	Barcode reading failed
		Blue flash	Barcode reading success

Scan a Barcode

< Notice > Scanner is equipped on scanner SKU and MSR/ICCR SKU.

Scanner is enabled by default, If the scanner is not enabled, you can turn on the scanner from **ScanSettings**.

Check if the scanner icon  is placed on the Status bar. Then, press a scan button on the device to scan a barcode.

Center the cross-hair aimer or red dot aimer over the barcode. You can tilt the aimer slightly for a comfortable angle to scan.
